Trafficking Women S Human Rights

Human trafficking is a global and domestic human rights issue that is characterized by economic exploitation through force, fraud and coercion. Although boys and men are victims as well, the majority of individuals identified as trafficked for both labor and commercial sex are women and girls (U.S. Department of State, 2006).

Facts About Trafficking of Women and Girls

In Trafficking Women's Human Rights, Hua maps the ways in which government, media, and scholarship have described sex trafficking for U.S. consumption. As her investigation takes us from laws like the Victims of Trafficking and Violence Protection Act to political speeches and literary and media images, it uncovers dark assumptions about race, difference, and the United States' place in the world expressed—and often promoted—by such images.
